

From: HGPOA Board of Directors

October 10, 2019

To: Residents of High Gabriel Estates

Subject: Use of access trail to the neighborhood river trail head

It has come to the board's attention that tree limbs along the trail from the cul-de-sac at the end of Skyview Terrace and our river trail head have been cut. While we are sure this was done with all good intention, it was done without permission from the property owner.

We need to remind all our neighborhood residents and their guests that this trail is not owned by High Gabriel Estates. We are allowed use of this river access because of the generosity of the property owner.

In the future, if any resident has a comment or sees a need for action along this trail we ask that they contact the High Gabriel Estates POA (PO Box 1309, Leander, TX 78646), speak to any Board member or email the Board at hgepoa@gmail.com. This will allow us to contact the property owner for discussion and/or action approval.

Sincerely,

High Gabriel Estates Property Owners Board of Directors
